PROVING PROJECT BENEFITS

DESCRIBE THE BENEFIT TO TOURISM

The A-Tax committee evaluates projects based on their estimated tourism impact. Your project should aim to have a measurable tourism impact that that can be supported by evidence. This tourism impact should be measured in the form of visitors to Richland County, meals sold, and additional hotel stays generated. Estimates for these metrics are a required part of the A-tax grant application. These estimates can be achieved through comparison to similar tourism projects.

GOALS AND OBJECTIVES

Objectives - provide an **organized pathway** to meet your primary vision. They are operational and measurable. They **describe specific** things you will accomplish. This includes the qualitative or quantitative (amount of change or level of achievement).

Goals statements are usually a global statement of need or program/project to be solved by your project?

An **Objective** is what your project or program will accomplish.

Sample Goal:

"Generic Location Tourism Alliance" seeks to promote local culture and bring tourists to the Lower Richland area.

And Related Objectives:

We are developing planning to establish an annual *Generic Location Culture Fest*. The *Generic Tourism Alliance* has partnered with 5 local restaurants and a dance troupe to attract at least 100 tourists from surrounding counties.

Process and Outcome Objectives

Process Objectives- typically begin with words like "To Develop" and "To Establish" and describe a process rather than an outcome.

Outcome Objectives- Outcome objects typically begin with words like "To increase" or "To reduce" and describes a measureable, expected outcome.

KNOW YOUR OUTCOMES

Please consider the methods you will use to measure your tourism outcomes. The reporting process for the A-tax grant program includes providing the real numbers of tourists visiting Richland County as part of the event, the amount of meals the event caused to be sold, and the amount of hotel stays generated.

Also consider the impact your event will have on the community. How does the event highlight the uniqueness of Richland County? What groups benefit from this increased awareness? These outcomes can also be measured.

No matter what goals have been set, it is important to track success. Some suggestions for tracking these metrics are:

- **Sign in sheets:** These documents are easy and inexpensive to implement at most events. They also allow visitors to list their point of origin and other useful data.
- **Partnerships with local restaurants:** Local restaurants are better than anyone at tracking the meals sold to tourists visiting your event. A partnership helps you keep track of the impact of your event, assists a local business, and can even help the visitors through potential discounts.
- **Partnerships with hotels:** Hotels are happy to receive business from referrals and can assist in keeping track of tourists.

PLANNING YOUR PROJECT

MAKING THE EVENT HAPPEN

Once tourism goals and an event are chosen and the focus then moves to the obstacles between your organization and making the event happen. Some details to consider are listed below:

- Where is the event happening?
- Does the project require permits?
- Who is the target audience?
- What organizations are available to partner with?
- What funding from other grant programs might be needed?

THE MARKETING PLAN

All tourism projects need a good marketing plan. This plan should take into account the following:

- **The Target Audience:** Different marketing options such as billboards, radio stations, TV ads, and online marketing options appeal to different demographics. Know who is most interested in your event and reach out to them.
- **Geographic Location:** The primary goal should be attracting tourists from outside of Richland County. The marketing plan should clearly demonstrate how these people are to be reached.
- **Reach Out:** Community involvement is an inexpensive way to increase attendance at an event.

THE BUDGET

An essential part of the application, the project budget shows how you intend to meet the goals outlined earlier. How does the organization plan to spend A-tax funding if awarded?

- **Consider Other Funding Sources:** The A-Tax grant committee is dedicated to assisting tourism projects in unincorporated Richland County. Unfortunately, the funding that can be distributed is limited. Other funding sources can allow your project’s goals to be met even if the full amount requested is not awarded.
- **Consider Eligible Expenditures:** Budgets that request A-tax funding to pay for ineligible expenditures will not be approved by the A-tax committee.
- **Include All Funding Sources:** Other funding sources outside of the A-tax grant should be listed in the appropriate areas of your application.
- **Sort Expenditures by Category:** You are not required to have decided upon vendors at the time of the application. Instead provide dollar amounts of expected expenditure for each valid expense category.
