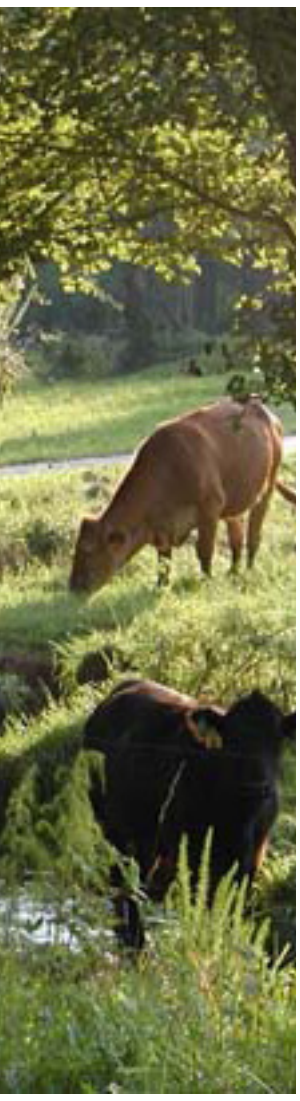
Get financial assistance to improve livestock health, forage production and water quality in the Twenty-five Mile Creek Watershed!

WHO: Farmers and landowners in the Twenty-five Mile Creek Watershed

WHAT: Financial assistance is available to develop farm conservation plans and install cross fencing, pasture improvements, wells and water troughs for livestock watering, stream crossings, composters, and other conservation practices



WHERE: Portions of northeastern Richland County, western Kershaw County and southern Fairfield County including parts of Blythewood, Pontiac, Elgin, and Lugoff

WHY: To improve livestock health and forage production, as well as protect and improve water quality

HOW: Contact Mike Newman at 803-602-2585 to determine if your property is eligible to participate in the program

Visit www.rcgov.us/twentyfivemile or call 803-602-2585 for more information.

This Twenty-five Mile Creek Watershed Improvement project is funded, in part, by the US EPA under a Section 319 Grant through the SC Department of Health and Environmental Control. The program and funds are administered by Richland County with support from Kershaw and Fairfield Counties, the Richland and Kershaw Soil and Water Conservation Districts and the USDA-Natural Resources Conservation Service.
