With the influx of apartments, students, and high density development there is a need for rental property owners to help curb inappropriate tenant behavior that impacts our quality of life. Such things as huge parties (300 people) that spill out into our neighborhood streets, loud music, and excessive alcohol use prevent families and individuals from their right to enjoy their property. We are asking RC Council to create ordinances that would hold lease holders responsible for tenant behavior when repeated offenses occur at specific addresses. We are also asking RC Planning and Development to deny building permits that are not in line with adjacent property use. 122 affordable housing. There are plenty of new developments going up but they are all starting in 7/14/2021 9:23 AM the 200,000s when the median household income is in the low \$50,000s. 143	This money should be spent on small, independently owned businesses that can prove that they took a loss due to the situation over the period 3/13/20-now. Their compensation should not exceed their loss by more than about 10% (inflation factor + opportnity loss approx.) If those business owners can also prove that this loss impacted their housing also, reimbursement would be justified. If they can prove it caused their homelessness, that should be provided for. Otherwise unused funds should be used to reduce an already high tax burden on Richland County residents. That could be done by direct check to residents or tax credits for 2021. If taking this money will increase Richland County taxes in the future because of strings attached, it should be returned unused to the sender.	7/9/2021 12:40 PM

147	SC has a shortage of over 88,000 units of affordable housing. Columbia and North Charleston are always in the top ten of evictions in the country. We do not have enough housing that people can afford. A huge percentage of renters in the Columbia area are paying over 45% of their income on rent.	7/8/2021 1:32 PM
148	As an employee of a Richland County homeless shelter the need for affordable housing in safe, clean neighborhoods is necessary. Adding or renovating dilapidated public housing would also be of great benefit to those experiencing chronic homelessness and poverty. Counseling regarding low-income housing, housing resources, and financial management would also be of great reward to those in Richland county. I would also voice that public transportation infrastructure should also be a focus for these funds as that is a large barrier to stable employment - especially in industry-type jobs that tend to be located in rural areas.	7/8/2021 1:31 PM
149	Give funds to the elderly homeowners to have home improvements funds without a lot of stiff paperwork. As an elder woman, I have a home that needs an entire fence (back) repaired	7/7/2021 1:17 PM

because of more rain, landscaping, fencing for front of yard, rails in garage, front steps, and back steps to hold on to for support. I have been trying to get help for some of these improvements to our home but my husband and I are always just shy of going over the poverty line; maybe two hundred. We want to be able to live comfortable in our home as long as we can. Thank you.
