

Notice to Industries

As required by the Richland County National Pollutants Discharge Elimination System (NPDES) stormwater permit, the Richland County Department of Public Works would like to remind industries located in the unincorporated areas of Richland County as well as the Town of Arcadia Lakes, and the City of Forest Acres that they are required to notify the Richland County municipal stormwater system. Please contact David Pitts, Jr, Stormwater Manager, at (803) 576- 2421 or pitts.david@richlandcountysc.gov to notify the County of any industrial stormwater discharges or if you have any questions or require additional information on stormwater management requirements in Richland County.
